

# Selenium Test:

```
import org.openqa.selenium.By;
import org.openqa.selenium.WebDriver;
import org.openqa.selenium.chrome.ChromeDriver;

// Press Shift twice to open the Search Everywhere dialog and type `show
whitespaces`,
// then press Enter. You can now see whitespace characters in your code.
public class Main {
    public static void main(String[] args) {
        WebDriver driver = new ChromeDriver();
